He Will Be Succeeded By John McManis.

CHANGE EFFECTIVE JAN. 1

CIRCULAR TO THIS EFFECT IS-SUED YESTERDAY.

Rumors of Further Changes Apparently Unfounded-Western May Not Change Its Time to Conform With the New Schedule - Dick Hudnall's Car-Notes.

hos again fallen, as evidenced by a circular handed out yesterday announcing the appointment of Traveling Con- THE BIG DEAL TRANSACTED ductor John McManis as superintendent of the Montana division to succeed C. A. Boles, "resigned." The change is to

A Boles "resigned." The change is to be effective on Jan. 4.

Ever since the removal of Van Housen as superintendent of the Idaho division there have been rumors going the rounds of railway circles that other changes would follow. There is no denying the fact that Boies has been dissatisfactory to General Superintendent Calwin, largely, it is said, on account of the many minispas that have occurred on this division lately. Those who would make sensationalism out of every move in local railway circles see in the rocant changes the hand of President Burt and go so far as to say that there will be a change in the management of the road. Superintendent Calvin being the coming man. There is absolutely nothing to warrant any such predictions, as it is well known Mr. Bancroft s' ands well with his superiors.

All Michanis, the ne's superintendent of the Montana division, is an old railroad man and well equipped for such a position of the Montana division, is an old railroad man and well equipped for such a position of the Montana division, is an old railroad man and well equipped for such a position of the Montana division is an old railroad man and well equipped for such a position of the Montana division is an old railroad man and well equipped for such a position of the Montana division is an old railroad man and well equipped for such a position of the Montana division is an old railroad man and well equipped for such a position of the Montana division is an old railroad man and well equipped for such a position of the Montana division is an old railroad man and well equipped for such a position of the Montana division is an old railroad man and well equipped for such a position of the head of the man and well entered the dimportant positions with the Union Pacific under George A. A. Cooper, the manufacturer of the Cooper is

It is not announced who will succeed McManis as travellag conductor.

MAY MAKE NO CHANGE. Short Line Averse to Granting West-

ern's Request.

It is yet undecided as to what the Ric Grande Western and the Denver & Rio Grande Western and the Denver & Rio Grande will do in the matter of changing its time to conform with the change on the Oregon Short Line, which goes late effect on Jah 1. It is said that General Manager Dodge of the Western has notified General Manager Bancroft that the Western will not attempt to make the schedule as announced to

Live Stock Agent Hudnall of the Colstock car, the chief feature of which is Meeting of the Board of Examiners two hours, whereas, Day lotted nearly twice the t orado Midhaid is the inventor of a with movable decks in use, but they have met with limited success, on ac-

The hoisting and lowering device consists of a heavy rod run legithwise under the roof of the car. Heavy chains are attached to the deck and run through the roof to the top over a windlass and fastened to the rod. The principle of the brake is applied in the holsting and lowering, there being an opening at the top where the lever can be operated.

be operated.

Such a car will be valuable to the railway companies, as the deck can be pulled clear up to the roof when not in use, thus making a car of this kind serviceable for any kind of a shipment.

The Clearwater Fight.

Walla Walla, Wash. Dec. 23.—The rathcad war between the Oregon Rail-lesy & Navigation company and the Northern Pacific received fresh im-letus today when condemnation propetus today when condemnation pro-ceedings were commenced in the su-perfor court by the Sanie River Valley Railroad company against the North-ern Pacific, Farmers' Lean & Trus-company, New York; Central Trus-company, Clearwater Short Line rail-road, T. A. Von Hellenbeke, E. P. Kun-and Samuel A. Ash, to secure right of way across the Northern Pacific hash for the railroad between Wallula and Lewiston.

for the milrond between Wailula and Lewiston.

Yetinoner alleges that the deed recently executed to the Charwater Short Line by the Northern Pacific right, of way was made to prevent the plaining from condemning the land and was not riselved in good faith with the intention of constructing a railroad thereon, and that neither the Northern Pacific nor the Clearwater Short Line ever surveyed or located a line across said surveyed or located a line across said

lands.

Petitioner also alleged an offer was made to buy right of way from the Northern Parific, but the latter refused in condition that it be to sell, except on condition that it be located to the satisfaction of the engineer of the Northern Pacific. The hear-ing of the petition will come up Jan. 25, 1899.

Railway Notes.

General Superintendent Welby went down on the Sampete valley branch yes-terday.

General Superintendent Calvin of the Short Line is expected back from Poca-tello this morning.

/H. H. Shepperd, western general passenger agent of the Chicago & Al-ton, with headquarters at Denver, is in the city.

The city.

General Manager Bancroft and Traffic Manager Eccles of the Short Line
have gene north. They will visit the
scene of the Diamondville mine the before returning.

The Colorado railroads have practi-cally decided to meet the cut in time inaugurated jointly by the Union Pa-cific and Oregon Short Line, and are preparing new schedules.

T. M. Schumacher, who was formerly general agent of the Union Pacific freight department at San Francisco, but now vice president of the Continen-

tal fruit express, with headquarters at Los Angeles, was in the city yesterday. Olympia, Wash, Dec. 28.—Articles of incorporation of the Port Angeles Eastern railroad were filed with the secretary of state today. Its object is to construct and equip a line of standard gauge railway from Port Angeles, Clailiam county, easterly to a point at or near Junction City, Jefferson county.

The Southern Pacific has now decided to put on a night passenger train between San Francisco and Los Angelea, to run through each way, 480 niles, in about fourteen hours. At present the daily train takes about twenty-three hours, and the Sunset limited, running twice a week, takes seventeen hours.

RESPONTATION TO BE REAPPORTIONMENT OF ROLLING STOCK VALUES UNFAIR.

Reports from Denver are to the effect Reports from Denver are to the effect that the management of the Rlo Grande Western is about to place an order with the large car manufacturing concerns for three elegant dining cars, to be delivered by May 1. It is said the diners will be put on so as to do away with stops for meals between Grand function and Sait Lake.

General Superintendent Calvin's ax CONSOLIDATED IMPLEMENT CO.

THROUGH M'CORNICK'S BANK.

on, Ills.

Mr. Snow states there will be no change in the management as to the plans except, perhaps, the enlargement of the business and no material changes in the staff of employees, which

THE MAYOR IS THINKING.

Probability of C. P. Pratt's Appointment, With a Proviso.

Until the next city council meeting General Manager Dodge of the Western has notified General Manager Bancroff that the Western will not attempt to make the schedule as announced to go into effect and unless the Short Line changes its time to leave an hour later no connection will be made. Under the new schedule it will be necessary for the roads between here and Denver to shorten the time so as to bring the montrain in here by 9 o'clock. Negotiations are going on, but it is doubtful if the change will be made unless the Short Line change will be made unless the Short Line people concede the point asked for by the Western people.

It is thought the Southern Facific will have to make better time from Ogden to the coust. The new Short Line and Union Facific schedule will bring the mails into Pertiand three hours are proposed to do. In order to make clear sailing for the plan through the council, those who pretend to know the situation declare that the proviso must accompany the appointment, or there will be more trouble and discord ahead, and double salaries to pay.

Has Invented a New Movable Dock Device.

Live Stock Agent Hudnall of the Collit will not be positively known whether

BILLS AGAINST THE STATE.

have met with limited success, on account of imperfect hoisting and lowering devices. Air. Hudhall has remedied this, and if the practical test of the invention results as well as the model he has just had completed, he may be on the hishway of prosperity.

In the office of the Colorado Midland the model was on exhibition yesterday and its working shown to all visitors, The hoisting and lowering device consists of a heavy rod run legithwise under the roof of the car. Heavy challes are attached to the deck and run through the roof to the top over a windlass and fastened to the roof. The variety of the amounts caused considerable discussion, but no action was determined from 185 to 3192, and all are not in yet. When all the claims have been received they will, if found just and correct, between the proposed constitutional amendation that an appropriation results between the provided the state bard of examiners was in session yesterday, considering the approval of expense chills against the state. However, there were a number of claims from newspapers for publishments that were voted upon recently and defeated. The variety of the amounts caused considerable discussion, but no action was determined the roof of the car. Heavy challes and the roof of the car was a supplied to the session yesterday, considering the approval of expense childs against the state. However, there were a number of claims from newspapers for publishments that were voted upon recently and defeated. The variety of the amounts caused considerable discussion, but no action was determined to the roof to the colorate the state bard of examiners and lower a number of claims from newspapers for publishments that were voted upon recently and defeated. The variety of the amounts caused considerable discussions and of the call of the appropriation recently and of the proposed constitutional amendation and defeated and the proposed consti recommendation that an appropriation be uside for their payment.

PIERCE SUCCEEDS WHITNEY

As General Manager For Heber J Grant & Company.

The board of directors of Heber J. Grant & Co. had a meeting yesterday and elected new officers for the ensu-

resignation of Horace G. Whit-The resignation of Horace G. Whitney, as secretary and general manager of the company, was accepted, and Ell. H. Pierce elected to fill the position of general manager. John Stringham, who, for a number of years, has been connected with the company, was made secretary. As members of the executive committee, Heber J. Grant, E. A. Smith and H. G. Whitney were asserted.

er Morris is still of the belief that Roi-lins & Sons, the purchasers of the new it per cent refunding issue, have con-trol of the outstanding bonds, and de-ing the redemption until the new lot, which cancels the old, is sold in par-cels from time to time to the brokers' customers for investments.

esmmon buckeye. This principle is extracted by a special process and in
combination with other remedies forms.

This cintment cures nothing but piles,
but it cures blind, bleeding and protruding tiles every time. It makes opcrations needless; cures when operations fail. This is why physicians recommend it. Bottles, 50 cents. In special
tubes for bandy application, 75 cents.
Can be sent by mail.

County Commissioners of Salt Lake Dissatisfied.

ING STOCK VALUES UNFAIR.

On the Assumption That the State Board of Equalization Has Not Complied With the Supreme Court's Mandate, the County Board Commences Investigation,

Ever since the state board of equalication, on the 10th inst., reapportioned the taxing value of motive power, passenger coaches and freight cars, to the several counties, as directed by a recent decision of the supreme court, th cent decision of the supreme court, the board of county commissioners of Salt Lake county has felt dissatisfied, and sought to obtain a readjustment of the values, the board contending that the state equalizers had not yielded substantial compliance to the court's decision. Yesterday the county board commenced an investigation, in the hope of demonstrating, from evidence given by officials of the railroad companies, that Salt Lake county was still being discriminated against; that the

Under the first apportionment, and which the supreme court held to be void, the valuations on railroad equipment were apportioned to the several counties on a basis of track mileage. Following the court's decision, the state board made the reapportionment on a basis of car mileage and the length of time the rolling stock remained in the

espective counties.

The following table will demonstrate to what extent the state board permit-ted Salt Lake county to profit by the decision ordering a reapportionment:

State County County's Total, Total, Gain, \$551,992 \$67,194 \$10,58 139,755 26,529 6,65 13,675 8,822 24 12,795 3,195 * 11 R. G. W.! O. S. L. Utah Central.. S. L. & O. ... Totals\$858,337 \$105,160

The investigation commenced yester-day by the county commissioners is for the purpose of endeavoring to become possessed of sufficient information

the purpose of endeavoring to become possessed of sufficient information to warrant another appeal to the courts, to the end that Salt Lake county will secure another \$100,000 or more in rolling stock values for taxation, principally in this city, for the benefit of the state, city, school and county funds.

A peculiar feature of the contention is that the year's taxes on the first apportionment have been assessed and collected. If Salt Lake county obtains the right to impose more taxes on the equipment of the railroads, the bulk of the right to impose more taxes on the equipment of the railroads, the bulk of the right have received more tained, will have to come from the counts which have received more than their share of the taxes, but in some instances the railroads will, where tax rates are higher, be called on for a little more taxes, please.
